## Almo and Training School Win In Opening Round of County Meet

### WARRIORS TIP NEW CONCORD 29-25 IN GAME LAST NIGHT

Colts Tab Faxon 33-17 in 1st Game of Tournament, Alexander, Walker Star

### FIRST ROUND SLATED TO END TODAY

Impressive wins were recorded in the initial round of the county basketball tournament by Murray Training School and Almo last night as Faxon and New Concord fell before one of the largest crowds ever to pack into the Murray High gym.

As a result the Warriors and Colts will square off in the semi-final bout tomorrow night at 7 o'clock, with the winner opening the winner of the lower bracket Saturday night. By virtue of their rebounding ability, and smooth ball-handling Almo rules a slight favorite to take the Thimble.

Murray Training School got off to a fast start, but with a good-looking kid by the name of Walker hitting the hoop, Faxon came back into the game soon after the quarter ended. However, one man's efforts just couldn't prevent the Colts from scoring with their fast-break and man-for-man all over the floor defense, and they pulled ahead 17-7 at half-time.

The last half was almost a replica of the first, as Walker started fast, and kept scoring when the Training School was unable to get going. Paul Alexander, who was the individual star of the game, started pouring them through the netting in four shots. Alexander made four baskets, and then fouled out. He scored 14 points, but missed nine free throws out of thirteen.

The Colts scored 11 field goals in 54 efforts, while Faxon garnered six in 33 attempts.

### New Concord Rough

Coach Vernon James' Redbirds of New Concord dropped a ball game because of the fact they were used to a looser type of play, but when Tommy Hamlin, captain and ace scorer for the Cardinals, and Oliver, high-jumping center, left the game on personal fouls, the Redbirds were left with a team that was practically defenseless.

The outstanding game of the evening was fought by Elvin Phillips and Young, and some fifty rebounding by Herndon and Bouland also aided the Warriors cause. Almo shot 38 times with a nine field goals, while the Redbirds were scoring 10 baskets in 47 shots.

Tonight at 7 o'clock, Hazel's Lions, favorites to annex the county crown, will pair up with the defending champs, the Tigers of Murray High.

Holding a 37-26 win earlier in the season, the Lions are top-heavy favorites to breeze through, but the Tigers are capable of slinging an upset. Coach Holland's team showed a lot of improvement in games with Kirksey and Farmington, and if they manage to get an early lead, might cause the Rainmakers a lot of trouble. Hazel's aggressive type of scoring, however, should more than outweigh the Tigers' adept ball-handling.

Kirksey's Eagles are favored to take a semi-final berth with a win over Lynn Grove—a team that should really be ready by next year. The Eagles have a well-balanced sharpshooting ball club and may be the dark-horse in the tournament. Lynn Grove's chances are practically nil.

The second team tournament gets underway today at 2 o'clock when Hazel and Faxon tangle. The Lions should win rather handily, and Coach W. P. Russell's Colts should take Lynn Grove for Murray High's second reserve win of the year. Tomorrow, at 7 o'clock, New Concord and Almo fight in a toss-up while Kirksey should down the Training School.

### WARRIORS RIDE A DARK HORSE

HAZEL TOPS COUNTY IN REGULAR SEASON CAGE PLAY JUST FINISHED

### Concord, Second; Kirksey Third In Race

Hazel High School is the kingpin in Calloway County basketball, although it may have been for just a week.

With 15 wins and only three losses, the Lions closed their most successful regular season in the history of the school last Friday night, with a well-earned 36-27 win over Kirksey, who finished in third place in the county chase.

The Lions won the championship the hard way. Playing a difficult schedule, Coach Lowry Raines' squad defeated every team in Calloway County, with the exception of Murray Training School. Only Kirksey was able to hand the Lions a loss—that by one point. This defeat was amply repaid last Friday night.

They dropped an early 47-21 clash to Hardin, and succumbed 28-25 to Brewers at Brewers. Previous to this game, the Calloway "champs" had drubbed the Redmen 41-23 at Hazel.

Another coach, Vernon James, made his first year as coach of another school, New Concord, a success by finishing second in regular season play. Just how well the Lions will fare in tournament play, is not to be known until tonight, when they square off with Murray High.

### MARCH 15 IS LAST DATE FOR TOMATO CO-OP TO GET MEMBERS

F. L. Ross, Vidor, Tenn., a member of the American Legion, and one of Hardeman County's most prominent citizens, died February 15, at the Baptist Hospital in Memphis. Mr. Ross was 82 years of age.

He was the father of Mrs. Thomas Sammons of this city, who was at his bedside at the time of his death.

Brooks Busy In Perfecting The Organization

Saturday, March 15, has been designated as the closing deadline for persons to sign up with the tomato-sorghum co-operative now in the embryo stage. Prof. W. H. Brooks, Training School agriculture instructor, said Wednesday afternoon.

Beginning next Monday, February 24, an intensive campaign will be carried on in an effort to secure large membership. Q. T. Guier, prominent in the new organization's early work, will be at the county agent's office all day Monday, and those desiring to do so, may call and sign up, or talk the matter over with him. Mr. Brooks initiated. Starting March 10, meetings will be held at each of the county high schools to give everyone a chance to sign the marketing agreement.

Mr. Brooks is already arranging the by-laws, articles of incorporation, and marketing agreements in a pamphlet form to be given to each grower.

The number of people interested in growing sorghum and tomatoes is growing daily. Mr. Brooks stated. Several of the farmers are intending to try both as a substitute for dark-fired tobacco.

"If you don't know about the particulars concerning this new association, I'd advise each Calloway county farmer and grower to get in touch with one of the officials of this organization at once. This is an added income to the farmer's money from both sorghum and tomatoes, and it comes at a time when we really need it," Mr. Brooks continued.

Mr. Guier reports that seed has been ordered and contracts with the Piedmont Plant Camp have already been made. They will grow all tomato plants. Sorghum growers may grow any variety they consider best, Mr. Brooks concluded.

## Young Business Men's Club of Murray Gets Kentucky Municipal League Support

West Kentucky civic leaders will meet here Monday, February 24, to discuss the possible enactment of legislation to permit cities of the state to contract for TVA power and to consider the possibility of persuading the TVA to build a "highline" to the Kentucky Dam in the near future.

W. T. Sledd, Jr., president of the Murray Young Business Men's Club, made the announcement today.

Among those who will attend the meeting, sponsored by the Young Business Men's Club of Murray, will be the mayors and officials of Murray, Paducah, Mayfield, Benton, Fulton, Hickman, Hopkinsville, Calver City, and Mr. Carl E. Wachs, executive secretary of the Kentucky Municipal League, Lexington.

Representative Henry Ward of Paducah, who introduced TVA legislation at the last session of the Kentucky Legislature, will also be present to aid in the discussion.

The request for this meeting, to be held at the National Hotel, was made by Wachs, after the Young Business Men's Club, had requested the aid of the Kentucky Municipal League in getting this legislation passed.

At first the club wrote Gov. Johnson regarding this matter, and he promised it his "thoughtful and sympathetic consideration". A similar bill introduced last session was defeated, Wachs said, for lack of active support.

Rep. Henry Ward openly fought for the bill, and will be one of the leaders in the fight scheduled to come up next State Assembly.

Wachs has suggested to Sledd that not only the mayors attend this meeting, to be held starting at 10:30 o'clock, but Murray business men and other interested officials.

Not only does the club seek to get legislation passed enabling this section to use electrical power provided by the Kentucky Dam, but also securing of a TVA "highline" from completed dams to the Gilbertsville project, in order that power would be accessible before the Gilbertsville dam is completed.

For the Ledger & Times' stand on this issue please read our lead editorial.

Mayors Pierce Lackey, of Paducah; Cliff Tress, of Benton; J. H. Benjamin, of Mayfield; and Paul DeMyer, of Fulton, have all indicated that they will attend this meeting. Other officials from various civic clubs in the above-mentioned towns are also expected to attend.

For Murray, it is a long-awaited opportunity to "do something" that might speed up the bringing of TVA power to this section. Ever since a small group of persons in this town started a movement that spread rapidly and soon gathered momentum and assurance enough to get national legislation passed providing for the Kentucky Dam at Gilbertsville, the town and surrounding territory have been anxiously awaiting the time it might get "power" from one of the government projects.

It was partly through the Murray group that the Lower Tennessee Valley Authority was organized, and it was this group that led the fight for the dam to be located in Kentucky. Exactly five years ago this week, the TVA was duly constituted by the Supreme Court.

At its regular meeting Monday night, the Young Business Men's Club voted unanimously to set its next meeting up to Monday noon, in order that the club might be host to the visitors.

A letter from Hecht Lackey, general manager of radio station WHOP of Hopkinsville, indicates that he will be here representing the Hopkinsville Chamber of Commerce at the meeting.

## Dr. Carr To Attend Convention At Atlantic City

Dr. John W. Carr, president emeritus of Murray State College and senior past president of the American Association of School Administrators, will attend the 25th annual meeting of the association at Hotel Ambassador, Atlantic City, N. J., February 21-22.

In announcing the program for the annual meeting of the association and for the National Educational Association, the NEA published in its February issue a photograph of Dr. Carr accepting an honorary lifetime membership in the organization from Past-President Frank W. Ballou.

The membership of the association now includes 165 institutions, one of which is Murray State. The first meeting of the association was held in Chicago in 1917. The first normal school was founded in 1839.

"From being weak and isolated institutions in the first 75 years, the teachers colleges have grown to be a major influence in American education during the last quarter century," quoted Dr. Carr in an interview before leaving for Atlantic City.

Dr. Carr, first president of Murray State, has served as dean of education here since its beginning in 1923 until last year when he was awarded the distinction of president emeritus.

## Emory Grad Puts Nose To Grindstone at Murray

Wingo, Barkley Are Influences To A. B. Austin

When a young farmer from Wingo travels to Georgia and then Florida for an education, then comes back to Kentucky to put his nose to a grindstone there must be some reason for it, and it was not until the latter part of our interview with A. B. (The Dean) Austin, that we found out that there was method in his madness.

Austin, who has been a member of the firm of Corn-Austin Clothiers, since 1935, when he deserted his dealership at Murray State, was born in Wingo and spent his early school days there, until Sen. Alben W. Barkley made his commencement address. So impressed was young Austin with the speaking of that eminent man, he decided to go to Barkley's Alma Mater—Emory. He did and ended up as a Second Class Freshman. Whether the Senator's influence aided in getting the appointment was not mentioned.

After graduating there, he did educational work in Florida, until being appointed Dean of Men here at Murray State in 1929. He wasn't back in Kentucky long until he succumbed to a brilliant young Belle of the Bluegrass, Miss Lucille Farmer, who was spending her time teaching French at Murray.

While in college, Austin was a member of Pi Kappa Alpha social fraternity. In Murray, he is an active member of the Young Business Men's Club, Scottish Rites Mason of the 32nd degree, a Rotarian, a school board member, and a member of the civic council.

Better than the dean, he has been able to head the last two

county Red Cross roll calls, and take an active part in Boy Scout work in Murray. He also took an active part in leading the drive to put the bond issue for parks and playgrounds across last fall.

When he's not busy-Austin gets quite a kick out of his two children—Clegg, 8, who's a chip off the old block, and Fideila, 3, his latest heart-throb.

## Good Reasons For Good Service

The traditional courtesy of telephone men and women and the efficiency of the service often prompt telephone users to ask if there is not some secret formula for this consistent performance.

In reality there is no secret. It is just the practical operation of group cooperation, individual interest and pride in the job, and company spirit.

Telephone employees are selected with care. They are constantly trained, kept fully informed about the company's affairs, and are continually encouraged to acquire the skill and experience necessary to maintain and improve the speed, accuracy and dependability of the service.

The consciousness that there is an essential public service gives them a sense of personal responsibility. Good working conditions and recognition of individual merit are also sources of inspiration.

The company's plan for retirement and care of its workers during sickness or disability, and the provision for death benefits all safeguard their present and future and promote peace of mind. Further incentives to their cheerfulness and efficiency are stability of employment and good wages.

Telephone men and women also know that the appreciation and interest so often expressed by the public is shared by the management of their company.

and one to Almo. The Almo defeated was averaged last Friday night.

Kirksey's Eagles, playing the fourth game of the season, finished their season, despite their seven losses. The Eagles dropped one game to Hazel, one to Reid, and two to Almo.

Almo's Warriors, playing spotty ball throughout the year, finished fourth with seven wins and nine losses. Coach Hewlett Cooper's Eagles hit their peak against Kirksey and New Concord, but looked pretty miserable in one showing against Faxon, two against Hardin and Brewster, and one against Hazel.

Murray Training School, playing a schedule that did not embrace a single county team, finished first with a near 400 standing, despite the fact Coach Clifton Thurnham lost most of his regulars by graduation.

Lynn Groves, with an inexperienced team, Murray High, an aggregation that just couldn't hit the basket, and Faxon brought up the rear.

**FINAL COUNTY STANDINGS**

Hazel	35	3

Murray High 38; Farmington 23.

Murray High's Tigers won their fourth game of the season by smashing Farmington here 38-23 last Thursday afternoon.

Starting off with a 9-0 lead, the Tigers increased their margin from the start as the Bengals were hitting a good percentage of their shots. Murray led 21-11 at the half.

**New Concord 35; Almo 29**

New Concord's Redskins, in their first season under Vernon James, clinched second place in the county standings with an impressive 35-29 win over Almo, at the farm, card, Friday night. The Warriors had previously beaten the "Birds" earlier in the season.

Forced to come from behind after trailing the first half, Tommy Hawkins and Oliver hit consistently in the final quarters to give the Redskins a well-earned win.

Almo led 8-6 at the end of the first quarter, and 22-18 at the half, but fell behind 25-23 in the third period, and with Hawkins leaving the game with a bad ankle in the closing moments couldn't land the place set at that time by the steady-going Concordians.

**Hazel 36; Kirksey 27**

Hazel's Lions latched down the regular season county championship in style Friday night, before a crowd-packed gym, by downing Kirksey 36-27.

Forced to come from behind and playing without their ace scorer, Coach Alfie Coach Lowery Rains' boys took advantage of every point that came their way. With "Old Johnny" Owen and "Red" Scroggs hitting the basket consistently in the last half, the Lions won the game.

Kirksey fought desperately, and shot at the basket time and again, but when Washer and Ezell fouled out, Coach Lowery's boys just didn't have what it took any longer.

At last Thursday's meeting the P-T-A decided to give a Tacky Party, Tuesday night, February 18.

Miss Erwin's room, comprising the third and fourth grades, gave a chapel program last Thursday. The program was a patriotic one, in view of the fact that both Lincoln and Washington were born in this month.

Mumps still prevail in our school. Mrs. R. E. Riles of Nova Lee Swift are out this week. We were very sorry to have Nova Lee Swift to miss today as this is her first day in school since she started in the first grade nine years ago. We think this is a splendid record and we are in hopes she will not have to be out many days with mumps.

The Ozark Range Riders, radio stars from WPAD, Paducah, will give a program at our school on Wednesday night, February 28. Tickets will be on sale by high school students for 10 and 20 cents. The senior class is sponsoring this program to raise funds toward completing their yearbook. Come and enjoy the evening with us.

## METHODIST CHURCH NOTES

Sunday, February 23, 1941

The pastor will preach at the morning worship hour on "The Boundless Love of God" from the most frequently quoted passage in the Bible, John 3:16. "For God so loved the world that he gave his only begotten son that whosoever believeth in him should not perish but have everlasting life." Martin Luther called this passage the Little Bible.

At the evening hour, still 7:15, the pastor will preach on Divine Guidance. We wish to call attention of parents to the meetings of our young people at 6:30. Your children should be in one of these meetings if you are Methodist.

Many of us boast of being GOOD CITIZENS yet we do nothing to make a better town or a better country. There is no organization like the Sunday school to train our boys and girls in the duties of good citizenship. Come, and bring your children to Sunday school.

The attention of all Christian workers is called to The World Day of Prayer, which will be observed in an all-day service on Friday, February 22, beginning at 10 o'clock at the Murray Methodist church. All denominations are requested to share in this service.

This little poem came under my eye the past week and I wish to pass it on to your readers:

My Church  
My Church has but one temple,  
Wide as the world is wide,  
So with a million stars.

Where a million hearts abide.

My Church has no creed to bar  
A single brother man,  
But says: "Come, thou, and worship  
To every one who call."

My Church has no roof our walls,  
No floor save the beautiful sod,  
For for I would seem to limit  
The love of the illimitable God.  
We invite visitors and strangers  
To worship with us.  
J. Mack Jenkins, Pastor

## FIRST BAPTIST CHURCH

Preaching by the pastor at the morning hour. Text, Mal. 3:10. Subject: "THE UNUSED GOLDEN KEY." The church will observe the Supper of the Lord at the evening hour.

Church School every Lord's Day at 9:30, under the supervision of faithful, efficient Bible-loving officers and teachers; there are classes for all ages beginning with the Cradle Roll. After a very helpful opening service the various classes repair to their respective separate rooms for the study of the Bible lesson for the day.

Training Union meets every Lord's Day at 6:15 with a most helpful, uplifting program presented by a group of the foremost Bible students and scholars in the land; there is a Union for every age beginning with the Story Telling Hour. The Union is directed by faithful, efficient officers and helpers.

Keep ever in mind the beguiling of the revival meeting June 12, under the direction of Rev. Arthur Fox, preacher, and Paul Fox, son, director of music and personal work. These are men of marked ability and large, wide, and varied experience in all sections of the country.

Mid-week meetings every Wednesday evening at seven o'clock. These meetings are conducted by various groups of the members and is proving very interesting and helpful. This meeting should be supported by the attendance and prayers of all the members and their families and friends.

The church and pastor earnestly invite all the people of Murray and surrounding communities to worship here, wherever it is possible, "at home" you find friends hear gospel preaching and receive a warm, friendly welcome.

## The Old Grindstone

Grandfather bought it years ago  
When he was starting out.  
There were no tractors, trucks, or cars.

The day he hauled it out  
He placed it by the woodshed door.  
Some sixty years ago  
And there it ground the farmstead tools.

Came rain or sleet or snow,  
Each fall it ground the axes keen,  
In spring the mattock's blade,  
At harvest time it lent a hand  
Beneath the maples shade.

How things have changed since  
That warm day  
Grandfather bought the stone  
And hauled it in the rude oxcart  
To his new cabin home!

Tell men who swing the cradle  
Then  
Are sleeping on the hill;  
The voice that called them home  
At noon  
For evermore is still.

New faces came upon the scene,  
New feet ran out to play.  
But by the woodshed door  
The stone  
Turned on from day to day.  
And though I used to hate the stone  
(It ground so hard and slow);  
I love it now because it knew  
Those folks of long ago.

Rheumatic Pain Quickly

It is a scientific fact that rheumatism, arthritis, and other painful conditions are caused by the accumulation of uric acid in the blood.

It is easy to get rid of this uric acid by taking a course of lemon juice. The juice of lemons is a natural uric acid solvent and will break down the uric acid in the blood and remove it from the system.

## "LAW"

Law is action brought about by many different forces—God, nature, logic, tradition, customs, governments and municipalities.

The sources of our law are: Constitution, federal, state, statutory, and common laws.

If it were not for our law I suppose we would be living in a queer land. In fact, law in the legal sense, determines practically everything. We stay in bounds of the law in our every day life whether we realize it or not. Our scope is always to that affect.

The law systems of our countries today are very complicated due to the many rising problems that confront us day by day. History makes laws as time makes history. So for this reason more and more efficient laws are being introduced.

From the preceding statements in order to be a dependable, upright citizen of the United States, we must at all times stay within a safe limit of the law, uphold the constitution, and safeguard Democracy.

## Stella Gossip

Went to town Saturday afternoon with Floyd and George Oulton who bought the automatic double-back air-water spray at the auction sale in the Courthouse yard. I was afraid to inspect it. Public sales are crowded so bad you cannot understand what the auctioneer is offering for sale. Confusion!

While in town I saw Herman Scott (dead and dumb). But he and I can converse with "pen and ink". Montie McCulston introduced me to Cecil McCulston of Hardinsburg, Ky., who is a teacher in the high school of that place. His left hand had to be amputated, why, I know not. And yet their attitude to the sunny side of life was inspiring.

Mr. and Mrs. Connie Mills and "us", Mr. and Mrs. Benita Richmond, Mrs. E. Smith, Mr. and Mrs. Vernon Nannery and Donnell attended church at Antioch, in Brown's Grove community, Sunday, Feb. 17. We took dinner at Vernon's, near the church. Edith (granddaughter) had prepared a beautiful dinner. On our way back home we passed Old-Harmony Primitive Baptist Church which was established a hundred years ago. Some of the pioneer preachers were Billy Bowden, G. Poyner, T. S. Dalton, Tom Harrison, Chester and others. Now, my good friend, Russell Scott, is the main minister. John Kirkland, age 20, was the pastor in 1860, my school-mate "pal" in Coldwater. See how this world has made a change!

On the East Side at a place near an old pond, near the Paschall place on the Capt. Fain-Douglas Moore farm, Oil can be struck. Even the green timber thereon is inflammable. But Joseph gave me a silly grin, but its fact! "Honor thy mother and thy father that your days may be long on the earth." But now "Daddy" is in the rear. Brack Swann led "daddy" to the convention. The rendition was well given, but really it was a huge joke.

Tom Axton was charged of hog stealing in Hickman courthouse. What a blunder! Tom should have gone to a farmer's hog lot instead of courthouse.

Luther Pogue will preach at Friendship Sunday at 10:45 a. m. and at Coldwater at 2 p. m. Gracie Carr will preach at Friendshipville next Sunday at 10:45 a. m. Don't forget to remember.

I hope you may obtain your hope, your mind can build you up or tear you down.

## Wake Lazy Insides All-Vegetable Way

Thousands turn to this way to get relief when they're lazy intestinally and it has them headachy, bilious, irritable, listless. A quarter to a half-teaspoonful of spicy, aromatic, digestible BLACK DRAUGHT on your tongue tonight, a drink of water, and there you are! This usually allows time for a night's rest; acts gently, thoroughly next morning, so relieving constipation's headaches, biliousness, bad breath.

BLACK DRAUGHT'S main ingredient is an "intestinal tonic-laxative," which helps impart tone to lazy bowel muscles. The millions of packages used prove its merit. Economical, too: 25 to 40 doses, 25c.

## S. Pleasant Grove

Congratulations to Mr. and Mrs. Hester Hugh Brown on the arrival of a daughter and may we not hope the little miss will like so many of her key relatives help to cheer others in carrying the glad tidings of salvation with good singing of gospel songs.

Mr. and Mrs. Thomas Myers, a new bride and groom, visited last Saturday night with Mrs. Myers' parents, Mr. and Mrs. J. C. Vandye of Puryear and on Sunday accompanied by her parents visited Mrs. Myers' sister, Mrs. Mann and family of Paris.

Mrs. Mary Morrow, who is taking treatment from a specialist in Memphis, is reported as improving. Several who formerly lived in this vicinity now reside at or near Puryear. Among them are Dr. and Mrs. Adolphus Paschall, the former is a physician of Henry county; Mr. and Mrs. Dave Paschall—Mrs. Paschall has a rock garden and makes a specialty of flowers. Mr. Paschall is a retired postman of Henry county. Mr. Bud Adams—He recently celebrated his 82 birthday and has commenced making a garden. He and Mrs. Adams near the Baptist church. Mrs. Sally Lamon, who lives with her daughter, Miss Mett who runs a grocery, and Mrs. Sam Orr, also lives in the Lamon home. Mrs. Lamon recently celebrated her 82nd birthday. She does much crocheting and quilt-picking and like a 16-year-old she does not have to wear glasses and enjoys helping with the cooking and housework.

Miss Nellie Atkins Reynolds had the misfortune last fall of losing her pretty home by fire and nearly all its contents.

Mr. and Mrs. Grover Dunn live on the highway just out of the suburbs of Puryear on the Mrs. Patty Moss farm. "Aunt Patty" with the Dunn family attended church at Pleasant Grove and visited in the home of Mr. and Mrs. Lube Brown last summer.

Mrs. Morning's a great lover of flowers and was the judge of the flower display at the Hazel High school fair last fall. In her yard is a large, tall holly tree about 100 years old. She also has some 40 pot plants in her room which brightens these winter days.

J. L. Paschall, who works at a powder plant in Memphis was a week-end visitor with his parents, Mr. and Mrs. John Paschall.

We were very sorry to learn of the death of Rubie Denham of Detroit on February 10. He was the only son of Mr. and Mrs. O. Denham, formerly of South Pleasant Grove vicinity. Besides his parents he is survived by a sister, Mrs. Yanson Murcherson. Mrs. Matt Phillips of Taylor's Store is an aunt. Rubie was held in high esteem and was about 33 years of age.

Mrs. Lola Jones, widow of Henry Jones who passed away a few years ago, lost her beautiful home in Crossland last week by fire. One of a few of its contents were saved. Her mother-in-law, Mrs. Belle Paschall, 84, lost her glasses and false teeth. Mrs. Paschall went to live with Mrs. Bill Humphreys temporarily.

Mr. and Mrs. Rainey Lovins of New Concord, were the guests of Mr. and Mrs. Pete Wischart of Macedonia, Friday night.

Bro. Blakely filled his regular appointment at Macedonia church Sunday morning.

## In Loving Memory

In loving memory of my dear mother, Mrs. M. O. Crouch, who passed away December 22, 1940. Eight of the longest and saddest weeks I've ever experienced have passed away since. Mother dear, you went away. Some folks say time is the only thing that can ease the wound, and some folks say time can never heal.

I would not want to forget the precious memories of my Mother dear, but I pray in some way my burden may be made lighter and brighter and I can look beyond and see and understand why God called you home.

Your daughter,  
Lorena Crouch Parks

## L. ROBERTSON Announces for SHERIFF Calloway County

### TO THE PEOPLE OF CALLOWAY COUNTY:

As good citizens you are interested in selecting qualified and capable men and women as your officers, and I am submitting myself for your consideration for the office of Sheriff.

My first ambition is to rate with you as a good citizen. I have lived with you these many years and you know whether or not I am entitled to that rating.

I have always been loyal in my support of clean Democratic politics. I am sure that every man, woman, boy and girl in this county knows that I, together with my brothers and other members of my family have actively supported the platforms and policies of our great Democratic Party, and I expect to continue in this loyalty.

To the fathers and mothers of this county I would like to call your attention to the fact that I am also a father; that I have two sons who have grown into useful, honorable citizens of which I am proud. I know the ambitions you feel for your children, and the heartaches you suffer when your children conduct disappoints you and I know how to sympathize with you and with your boy or girl.

My eighteen years experience as an enforcement officer, enforcing the criminal laws, has certainly given me wide experience, and if you select me as your sheriff I will bring to the office this experience, and shall fearlessly discharge my duties, but tempered at all times with understanding, sympathy and kindness.

Talk to your neighbor about me, discuss me, criticize me, and thoroughly analyze my qualifications, and finally I am asking that you vote for me for this office.

Sincerely,

L. ROBERTSON

## Taylor's Store News

We are again having some fine weather. The farmers are enjoying it so much in plowing, burrowing, planting, working gardens getting peas and potatoes planted and fixing ground for cabbage.

If there should be any such thing as believing in the old time signs, the ground hog saw his shadow distinctly on the 14th of February. Also the sun was out the 2nd day of February just long enough for his shadow to show. So, there will be 40 more days of winter, is that right?

Another old timer is when you see wild geese going south the winter season is coming, and when you see them going north winter is over. One day last week a flock of wild geese went north just quacking like no body's business. So we are looking for an early spring for Easter Sunday is the 13th of April. Early Easter, late spring, late Easter an early spring.

I believe so far as I know our neighborhood is on the gaining list again. Hope every body can stay well now, for we have had our share of sick people this winter.

Adolph Lassiter left for Detroit Saturday night.

We were very sorry indeed to hear of the serious illness and death of our old friend and once our neighbor, Rubie Denham. Our sympathy goes to the family. Mr. and Mrs. Out Denham and daughter, Mrs. Mercherson of Detroit.

Harold Smotherman and family have moved near Harris Grove to the Graham Denham farm.

It is mail time so, so long.
